

COMMERCIAL SALES OF THE ECHEBASTAR BY-CATCH 2018 / 2019

INTRODUCTION

The Echebastar fleet has a limited by-catch in its purse seine fishery for tuna in the Indian Ocean. As required by the IOTC, we do not discard any by-catch; instead it is frozen and landed for sale in the Seychelles. A single company buys the by catch.

The data below shows the species and quantities of bycatch sold by each vessel in 2018 and until September 2019. In 2018, the total sale was just under 700 mt. In the first 9 months of 2019 the total was 530 mt. The main destination markets are Abidjan and Sri Lanka.
